*Dear Ms Lee.*

### THAMESLINK ROLLING STOCK CONTRACT DECISION

Thank you for your letter of 5 July requesting that the National Audit Office review the Thameslink rolling stock procurement process. I have asked my team responsible for transport issues to undertake some investigative work to allow me to decide whether we should conduct a full value for money examination on the subject. I will write to you again in October with the outcome of our investigative work and any further steps that I have decided to take. I am unable to halt the progress of the contract with Siemens pending my review but can assure you that my team will conduct its work as swiftly as possible.

  
AMYAS C E MORSE
